Logitank Kube

LOGITANK KUBE LSK 6000 WITH SOLAR POWERED DISPENSING KIT

The LOGITANK KUBE is a portable and baffled tank suitable for safely storing a range of fluids including diesel, petrol*, lubricants and waste oil. Forklift pockets and lifting lugs increase the manoeuvrability of the KUBE. Coupled with a pump, these are ideal for light vehicle refuelling, or refuelling generators, compressors, dewatering pumps and industrial tools.

Logitank Kube

model	capacity litres	length mm	width mm	height mm	weight kg
LTKU 1000	1,000	1,100	1,864	1,254	770
